

Layout

Sheet: 3

Title: Storytelling / Flow style

Author: Dym Leong

Date: 21 October 2025

Task: MTRM Assignment 2

Opening

1. Hovering over tiles is linking will show exact values, link to mode
2. Toggle state (belong, show etc) in radar chart to see different state modes.
2. Symbol map will link to survey, and highlight the same mode.
4. Same for bar chart, hovering over it will highlight the same mode in other charts.

Drawings

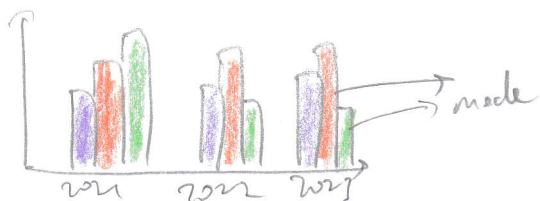

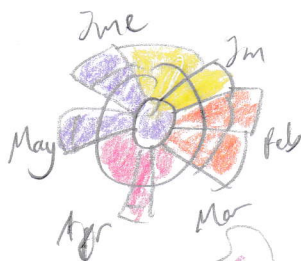

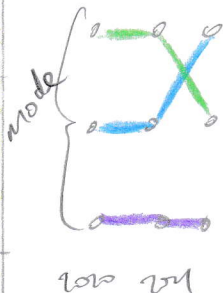

Advantages:

1. Narrative clarity. Each chart isolates a single idea, and is presented in a clear flow.
2. Clear flow in composition, good for analysis.

Disadvantages:

1. Category imbalance between modes (sea much less than land) may affect story and visual clarity.

Trends in Malaysia

Focus Primary focus: Composition and flow

- shows where the different modes come from, how they contribute, and how patterns change.
- clear visual hierarchy shown by map and survey, they are the main focus of the whole viz.
